Summary of Team Golf:

Player Development

The Ashland Golf Club Avengers team golf program encompasses three core philosophies: Physical, Emotional and Social aspects of the game of golf, with the incorporation of subset values, including integrity, sportsmanship, respect, discipline, perseverance, courtesy and solid decision making. It is the program's goal to encourage players to grow into confident and successful young men and women. These players are the future of the game of golf and I want to start them off with a *fun and memorable* experience.

TEAM GOLF Rules of Play

NJGT TEAM GOLF Rules:

- Two Players (kids) per Team
- Plays as a two Person scramble
- 8-stroke limit on all holes.

In a two-person scramble, each player tees off on each hole. The best of the tee shots is selected and all players play their second shots from that spot. The better of the second shots is determined, and then all play their third shots from that spot, and so on until the ball is holed.

The team with the lowest score on the hole wins the hole in this match play format.

Players may have one caddie to carry their bag and equipment and give advice, but all players and caddies must walk the golf course (preferably a fellow team member or friend). Caddies can carry two bags for both members of a pairing or no bags and simply provide advice. Participants and their equipment cannot be transported in motorized carts, except when going to their first hole, during a golfer's hole not playing, returning from the last hole played, running a substitute to a hole or when authorized by NJGT Committee.

In addition to caddies, all pairings are allowed coaches to provide advice during the round.

Participants must exchange scorecards with fellow competitors / team in the group.

Upon completion of the round, players must immediately proceed to the scoring area to return their score card. Participants are responsible only for the correct hole-by-hole score and two signatures on the scorecard.

Pace of Play: Participants and spectators must keep up with the group in front of them at all times.

A player may obtain distance information by using a device that measures distance only.

Players must NOT use headphones during play. Before and after is great!

Please allow coaches and NJGT Staff to administer all rulings. Spectators will be brought into the situation only if the NJGT Staff member asks for assistance.

When on course, spectators & players must turn cell phones to silent or vibrate mode. Respect the host facility's policy if cell phones are not allowed.

Tournament Rules of Play

Team members must play the ball within 1 golf club grip length of where the ball lies. In placing the ball, you may not change the condition of the shot.

This means if a ball is in a hazard or rough, all members of the team must play their shot from the hazard or rough, respectively.

On the putting green the ball must be placed as near as possible to the original ball.

You may hole out a short second putt without penalty to speed up play.

One (1) stroke maximum out of bunkers: If both players fail to hit the ball out of a bunker on their first attempt, they may drop one club length from their nearest point of relief outside the bunker with NO additional penalty stroke added. They must count the stroke they did take from the bunker.

Out of bounds to be played as a lateral hazard. Balls are dropped in the NJGT TEAM GOLF Drop Zone indicated by official orange signs. 1 stroke added for the drop.

Lost balls to be dropped where ball was thought to land with 1 stroke added.

All drop zones will be indicated by orange drop zone indicators

You may lift, clean and place your ball.

There are no penalties for USGA Rules of Golf violations if no distinct advantage was gained.

- Example: If a ball oscillates as the player takes their stance or the ball moves when removing a loose impediment no advantage was gained and no penalty.
- Use these situations as teaching moments for future event competitions.
- If violation does create a distinct advantage no penalty is ever more than 1 stroke.

Spectator Guidelines

Spectators are encouraged to attend TEAM GOLF Tournaments. We want to create a family friendly atmosphere that encourages fun and togetherness. However, the NJGT requires all spectators to conduct themselves appropriately at all times.

- Consumption of alcohol is forbidden at all events.
- Spectators should stay one shot ahead of the group they are following. This allows spectators to follow errant shots and help identify where golf balls come to rest.

- Spectators are allowed to aid in the search for lost golf balls.
- Spectators should not give rulings, please seek a coach or NJGT official if the need arises.
- Spectators should stay on cart paths. In the absence of cart paths, spectators should stay in the rough. Please stay off fairways, tees and greens.
- Spectators are allowed to carry medicine, drinks, food, umbrellas, etc. for players.
- Spectators may not fall behind group as this prohibits other groups from playing up.
